Good Afternoon,

We have serviced the Oak Creek, WI location in the past. It is our plan to always provide updates when services are scheduled and have been executed, as per the email I just emailed you, under the "updates" section. I deeply apologize if that update was not done, I did however speak with the team in the past hour and everyone is aware that we will provide updates everytime there is a schedule made for a dispatch, send a reminder 2 hours prior to said dispatch as well as provide bi-hourly updates if not more, once a service is taking place.

Please let me know if you have any other questions or concerns and I would be happy to assist.

So, was yesterday the first time you salted or service Oak Creek, WI? Triplett is supposed to be providing us with an update on the days and types of services that were done.

Hi Maria,

This location was salted last night in preparation of today's incoming weather. Just spoke to our tech.

There is currently some snow flurries but nothing accumulating at this time. He is on standby in case anything changes.

Thank You

Samantha

Good Afternoon,

I am currently discussing this with Sam and Cody and will have a plan of action for this area. We do also have the crew on standby and are monitoring weather events if a dispatch is needed.
